Student –Parking on School Campus

Pursuant to the authority delegated to the Board of Education under the provisions of G.S. 115C-46, the Clinton City Schools Board of Education adopts the following rules and regulations with respect to the parking of motor vehicles on school grounds. Policy Code: 6325 Parking Areas For Students

Principals may assign individual student parking spaces or designate parking areas for students. Whenever individual spaces are designated or assigned, first priority will be given to individuals with physical disabilities. Pursuant to [G.S. 115C-46](#), principals may provide for the registration of vehicles and remove cars parked in violation of school rules. Parking on school grounds is a privilege, not a right. Parking privileges may be revoked as a consequence for violating parking rules or for violating student behavior policies, school standards or school rules as provided in policy [4302](#), School Plan for Management of Student Behavior. Student cars parked on school property may be searched in accordance with policy [4342](#), Student Searches. Legal References: [G.S. 115C-46](#)
Cross References: School Plan for Management of Student Behavior (policy [4302](#)), Student Searches (policy [4342](#))
Adopted: August 1, 2013

The CCS Board of Education disclaims any responsibility or liability for the care, protection, safety, or welfare of any vehicle parked on school grounds. If a vehicle is damaged while it is parked on school grounds, it is the responsibility of the owner to determine who damaged the vehicle and to file a claim with the person or persons responsible for the damage. It is not the responsibility of the school personnel to settle disputes between or among people concerning damages to vehicle. That is the function of the courts of this state. As a condition for obtaining a permit to park a vehicle on the school grounds a student and the student’s parents (if they are the owners of the vehicle) must agree in writing to allow school officials to search his or her vehicle if a school official has a reasonable cause to believe that the student has a prohibited substance, a weapon or evidence of other misconduct in the vehicle. The Board delegates to the principal the authority to adapt additional parking rules or regulations to meet the needs and the particular parking conditions for each individual school. Parking regulations will be strictly enforced. Violations of the rules and regulations may result in suspension of the parking privileges, suspension from school and/or the towing of the vehicle at the owner’s expense in accordance with G.S. 115C-46.
